A MEASURE OF MERIT.

Maysville Citizens Should Weigh Well This Evidence.

Proof of merit lies in the evidence. Convincing evidence in Maysville is not the testimony of strangers, but the indorsement of Maysville people.

That's the kind of proof given here—The statement of a Maysville citizen.

TWO PICTURES OF DEMOCRACY.

THE NEW FORCE BILL.

Editorial Courier-Journal May 1, 1898.

"We republish this morning from the issue of The Courier-Journal for Friday, February 11, the Goebel Election Bill in full. The statement that The Courier-Journal has not published it is as false as the statements relating to us usually are. The pretense that we are afraid to publish it is answered by the act itself. It is a simple machine for turning over all elections in Kentucky to a centralized despotism at Frankfort, consisting of three Commissioners, to be elected by this Legislature, and having absolute power to determine who shall hold office and who shall not during their four years term of incumbency. This is not only usurpation of power. It is revolution in its broadest sense. It is not merely a force bill. It is a radical despotism. It disfranchises every voter in the state whom the Triumvirate at Frankfort, or their satraps in the counties, see fit, or find it needful, to disfranchise. At one fell swoop it abolishes free elections in Kentucky. If any man doubt this, there is the bill before his eyes. If he dispute it, he proclaims himself equally a conspirator and a falsifier. Nothing worse than this—more shameless, barefaced and absolute—has even been suggested in all the annals of Reconstruction, radicalism or misrule, in any age or any country. If the people of Kentucky submit to it, then they are a race of slaves, and will merit all the woes and ruin it brings them, including the heralding of their names as slaves, and the proud name of the old Commonwealth as a by-word to the ends of the earth."

THE NEW DEMOCRACY.

Editorial Owensboro Messenger, February, 1900.

"The white, property-owning, respectable people of Kentucky are going to control the Government of this Commonwealth now and hereafter, and they are going to legislate some respect for law and public decency into the heads of 2,500 arrogant money-bags and their satellites and hangers-on, who have chosen to affiliate politically with 75,000 ignorant Negroes and as many more vicious and red-handed mountaineers. The struggle for supremacy is about over, and the end will prove in this state, as it has in other states, that only the people who are capable of good government will be permitted to govern."
